

Branley Minaya

Software Developer

Orlando, FL | (407) 283-4884

bminaya2@gmail.com | [LinkedIn](#) | [GitHub](#)

Technical Skills

- HTML5 / CSS3 / SASS, JavaScript, JQuery, React, Express, MongoDB, API's, GIT

Professional Summary

Motivated and determined Full Stack Developer with a passion for front-end web development and being able to satisfy the need for creativity through UI/UX design. Expertise in object-oriented programming technologies such as JavaScript, React library, and MongoDB databases. Strong ability to learn and implement new technology methods while prioritizing user experience. Excited to grow as a software developer and join a fast-paced organization where my technical skills and creative thinking are useful.

Projects

Getaway Trips | Front End Application | [Github](#) | [Live Site](#)

Single-page application formatted to mimic websites for booking vacations, similar to Airbnb.

- Re-engineered landing page using JSX to keep files organized and understandable with large pieces of code
- Equipped with Node Project Manager (NPM) for assistance in installing several packages and resolving its countless dependencies
- Ensured website is responsive and compatible with various screen sizes for maximizing a good user experience and easy management

Good Reads | Full Stack Application | [Github](#) | [Live Site](#)

MERN-based app imitating a user-friendly book library executing CRUD operations

- Designed application end-to-end using MERN to develop powerful and scalable web applications
- Relied on MongoDB, an open source NoSQL database to design RESTful backend routes allowing to recognize the specific resource involved in an interaction between components
- Upgraded re-existing application with React improving performance using Virtual DOM making this framework fast and reliable

Experience

Assembler/Production | Daniels Manufacturing Corporation | Feb 2021 - Current

- Contributed to a team of 30 individuals while maintaining open communication resulting in successful outcomes
- Promoted within the first month in the company for exceeding goals and supporting company culture

Team Lead | Universal Nissan | October 2020 - July 2021

- Led a team of 5 individuals by effectively delegating tasks to ensure organization and support company goals
- Met customer needs and maximized customer satisfaction rates by providing professional and friendly customer service

Loss Prevention Specialist | Ross Stores Inc. | September 2018 - March 2020

- Mentored peers in loss prevention operations while learning and applying new techniques to prevent theft and promote safety
- Continually reviewed company goals and expectations to meet company demands and provide value to the organization
